The giant thermometer which the American Red Cross War Floance Committee is using to announce the daily results of Red Cross week took a mighty jump this afternoon to the St. 426,000 mark. This sum has been collected in New York City alone within the last twenty-four hours.

Seward Prosser, Chairman of lie Executive Committee, also ancounced that from other parts of the ountry he had unconfirmed figures of \$3,203,256.00 having been collected yeserday, which marked the inauguraion of the nation-wide effort to raise \$100,000,000 for the Red Cross.

New York's expected share of this ast sum was \$14,000,000.00 but J. P. Morgan, who heads "Team Number Nine" declared that is subscriptions keep up at the present rate, Red Cross Week in this section will bring in at least \$30,000,000, "Team Number Fight," headed by Mayor Mitchel, reported total collections of \$1,012,125. Mr. J. P. Morgan's team raised \$1,085,-600. Albert Strauss, who heads "Team Number Fourteen" raised a big laugh, when he announced that \$125 of his section's contribution of \$38,226 was raised last night at the Leonard-Nelson fight.

"Like a true patriot," he said, Benny Leonard, the winner, donated IN \$25,000.
